

Hi All! Good news!

We will start a Language and Culture Exchange program with the US Navy members who are based in Atsugi.

This is a wonderful real-life opportunity to not only practice & enhance your English-speaking ability, but also to learn more about the global culture.

Moreover, our foreign friends are also very interested to learn about your culture, customs and tradition.

So this is a perfect chance for everyone to have a friendly, enjoyable and educational experience! 😊
